A Four-Week Recovery Program in Schools
2021-2022

Reading Comprehension Diagnostic Assessment

GRADE 2

Reading Comprehension Assessment

General Notes:

Kindly note that this part of the assessment is to be distributed to each student individually, since this is the best practice to get rapid results and to get a general overview of your students' reading comprehension skills.

Kindly find below two reading comprehension levels, 1A and 1B, that the students will be tested on. These are meant to target students in grade 2, since the aim is to test the skill level that they acquired in grade 1. To understand the results of the students, please refer to the "Reading Categories: Reading Comprehension".[1]
